ALL INDUCTION COMPATIBLE PRESSURE COOKERS ON THIS COLOUR BACKGROUND

THE WIDEST RANGE OF COOKWARE FOR ALL YOUR COOKING NEEDS

The designers of Hawkins and Futura Cookware have spared no effort to provide you with the best possible cooking experience.

Each Futura or Hawkins pot or pan is made from heavy gauge, commercially pure metal for even heat dispersion and steady heat retention. Some pots or pans are also given a technologically advanced surface coating. The end result in all cases is a superb cooking surface.

Sturdy, comfortable, stay-cool handles form part of the majority of our Cookware using the finest materials in stainless steel, rosewood, silicone or plastic. The handles stay fixed permanently. Where required, the cookware comes with custom-designed lids either included in the product or as an option at extra cost. The lids are made of stainless steel, hard anodised aluminium, or glass.

We have a wide range of pots and pans to meet each of your different cooking needs. Each Cookware item is designed for the

purpose for which it is made and tried out thoroughly in the Hawkins Test Kitchen before the designs and specifications are approved. Each piece is manufactured carefully and subjected to strict quality control. Each piece is individually packed in a strong, attractive carton designed for protection in transit and sales appeal. An Instruction Manual with tested recipes comes free in each cookware carton (except Tadka Pans and EZEE-POUR® Saucepans).

Our Cookware is presented in seven types of material – Tri-Ply Stainless Steel, Stainless Steel Sandwich Bottom, Cast Iron, Ceramic Nonstick, Nonstick, Hard Anodised and Pressure Die-Cast Aluminium. Choose with confidence from the varieties showcased in this pricelist.

Futura and Hawkins Cookware are designed, manufactured and/or marketed by Hawkins Cookers Limited, manufacturers of the world-famous Hawkins and Futura Pressure Cookers.

HAWKINS AQUA

- The Aqua series is designed with a finer grade of ceramic coating which is light ivory in colour and gives a smoother finish.
- This formulation is uniquely designed to not stain even with Indian cooking redolent with colourful spices.
- This ceramic coating that has no PFAS, no PTFE, no heavy metals, has been developed after over a thousand actual cooking trials by Hawkins R&D and Hawkins Test Kitchen.
- This imported world-class ceramic is being launched in India for the first time.

COOK n SERVE STEWPOTS, BOWLS & CASSEROLES

COOK n SERVE STEWPOTS

- A modern version of the traditional Indian *patila* or *degchi*
- Extra-thick 3.25 mm/4.06 mm base and sides heat evenly and retain warmth for a long time – making the Stewpot excellent for both cooking and serving in the same dish
- Perfect for rice, *dal*, curries and many popular desserts such as *firni*, *sooji halwa* and *rasmalai*
- Also available with Toughened Heat-proof glass lid which locks in the steam and flavours

FUTURA CAST IRON

Cast Iron is made from iron heated to over 1200 degrees centigrade, with many wonderful properties for cooking

- Retains heat well, easy to cook in. Certain foods will brown better, cook faster and crispier, and cook more evenly inside and out
- No coating – Naturally Nonstick, healthy, tasty, crispy food
- Pre-seasoned with vegetable oil – Will not rust with regular care
- The more you use it, the better it gets! The cast iron pan surface gets seasoned with more use, becoming smoother and better for cooking
- Rough and tough – Can use high heat, metal ladles
- Versatile – It may be used on gas cooktops, in the oven, on a grill or a *chulha*.
